

Message from the Director

What an incredible year it has been for the Newark Public Library! After two years of serving this wonderful library and community, I can say there has truly been an abundance of activity, excitement.

My primary goal as Director is to create a meaningful impact through our services and programs, and this year, our dedicated staff has made great strides in achieving that. Their unwavering commitment and tireless efforts are evident in every aspect of our operations, from the vibrant programs they facilitate to the invaluable assistance they provide to each person who walks through our doors or connects with us online.

A significant focus for both our library staff and board has been determining how we can be even more responsive to our community's evolving needs. We understand that our strength lies in our ability to adapt and serve effectively. Often, this responsiveness is facilitated through strong partnerships. As a small but mighty team, collaborating with other organizations is a high priority for us. Over the past fiscal year, we have diligently worked to identify ways to enhance our relevance within partner organizations, creating a greater impact and ensuring our services reach even more individuals.

We are incredibly proud of what we've accomplished together this year, and we are looking forward to continuing to provide the best service possible to the Newark community. Thank you for your continued support and engagement.

Warmly,
Tanya

Newark Library by the Numbers
