

Climate news got you feeling **anxious**?

Discover Hope in Action.

We CAN Reverse Global Warming!

Introducing Project Drawdown, the most comprehensive plan ever proposed to reverse global warming.

A qualified and diverse group of researchers from around the world identified, researched, and modeled the most substantive, existing solutions to address climate change. What was uncovered is a path to roll back global warming within 30 years.

Humanity has the means at hand. Nothing new needs to be invented.

Our work is to accelerate the knowledge and growth of what is possible. Learn more about Project DRAWDOWN and meet others in our community who are already actively working toward making difference.

A free event sponsored by the Rochester Pachamama Alliance

6-8 pm ♦ Wednesday, Oct.23
Wolcott Library Community Room
5890 New Hartford St. ♦ Wolcott, NY
